VENAEcuador: Our mission as a legal and nonprofit foundation of social service is to simultaneously assist the country of Ecuador by offering different kinds of aid service, guide our volunteers by linking them to programs and organizations that need their assistance and skills. We seek the help of all volunteers who are interested in sharing their time, knowledge and experience to cover all the openings in our projects, volunteering jobs, internships, and study abroad programs. This program is for everyone who wishes to have a real experience working directly with the Ecuadorian communities. Therefore we put a high value on placing volunteers with hospitable Ecuadorian families and providing multiple opportunities for participants to increase their Spanish language skills. Through this incredible experience, we help our volunteers embark on journeys of learning, challenges, and personal growth.
