SPANISH LESSONS

How much Spanish do you speak?
Did you learn Spanish in high school or college?

Did you once know a great deal of Spanish but never spoke the language well because you were afraid to look bad or forgot what you learned?

Don't worry about any of these situations!!!

VENAEcuador - Volunteer Experience National Ayuda in Ecuador- has professional Ecuadorian Spanish teachers. They will go to your host family's house to give you one-on one Spanish instruction the best way to learn fast and speak more fluently.

You will see your Spanish improve from the first lesson.

The Spanish teachers take you to parks, museums, historical centers, churches, etc, so that you can practice speaking and learn more about our people and culture.

These Spanish lessons are very inexpensive because VENAEcuador doesn't profit from them. We only want to meet your needs and ensure that you have the most rewarding experience possible. For these reasons we only employ the best instructors.
