

# VOLUNTEERING

## Volunteer

We provide 25 hours a week of direct assistance for our volunteers, and a whole full experience of interaction with Ecuadorian people specially with childrens' communities.

As you work with local people and care for those in need, you will gain more understanding of our culture and traditions, your leadership skills will be developed and your language skills enhanced.

At-home Spanish lessons can be provided upon request during your stay in Ecuador.

In this program, Professionals Spanish teachers visit volunteers and provide personalized, one-on-one assistance.

### Areas of volunteer service Including:

- Orphanages
- Teaching
- Community Services
- Building
- Conservation
